REPORT PC25.150 PLANNING LAVERSTOCK AND FORD PARISH COUNCIL

Author: Trudi Deane, Deputy Clerk

Date: 9th December 2025

In addition to the Planning Log

PL/2025/07869 Proposed siting of 23 containers, 2 Old Sarum Cottages.

Although this application has now been withdrawn by the applicant, the proposed objection has previously been submitted and should now be formally approved:-

Laverstock and Ford Parish Council object to this application for the following reasons:-

- 1. The development will be visible from the Old Sarum Monument in contravention of Policy 2 of the made Laverstock and Ford Communities Neighbourhood Plan.
- 2. The proposal will generate significant traffic to 23 units, and the access from The Portway in the 40mph speed limit is not suitable.

Location of Issue: (please add a location plan where possible) Community Area: Parish or Town Council: Nature of Issue: (Max 600 characters) Boundary Road is steep hill and is hazard for all off as who lives there the cars parked on side the road and make difficult to pass through with not enough visibility. Often people meet in as they turn to go through road and make difficult to pass through. And is other road just coming up from duck lane park Laine there is hazard is well cars parked in pavement and make difficult to pass through How long has it been an issue? Long time don't know exactly What would you like done to resolve this issue? (Max 600 characters) I would like in this roads to put there red line no parking any time that way we hope to keep are neighbours safe and hopefully cars not being parked in pavement	Telephone No:		XX

ANNEX TWO St Thomas Bridge Roundabout

Highways Improvement Request Form

Contact Details

Name:				Date:	14/11/2025		
Address:							
Telephone No:							
Email Address:							
Issue Details							
Location of Issue:		St Thomas Bridge Roundabout junction A30/A338					
Community Area:		Southern Wiltshire					
Parish or Town Council:		Laverstock and Ford Parish Council					
Nature of Issue:							
Improvement/planting on roundabout to create wildlife haven and a more welcoming impression at major 'gateway' into Salisbury. Currently there is a very bleak, neglected tarmac roundabout greeting visitors to our city on a main trunk road from London/South of England. It doesn't create a favourable or welcoming impression of our beautiful city.							
How long has it been an issue?			Ongoing for many years				
What would you like done to resolve this issue?							
I suggest wildlife friendly evergreen low maintenance container planting which would restrict growth, and therefore ensure good visibility for traffic safety, but create and soften a very industrial looking roundabout. Hebe, holly, skimmia, choisva, mahonia are all hardy, low maintenance and beneficial to birds and insects.							

This form needs to be completed and e-mailed or sent to your local Town or Parish Council.
